## REVISED ORDINANCES OF OGDEN CITY

Provide for Merchants Licenses.  
Stricter Regulation of Saloons.  
And Sale of Milk.

(Special Correspondence.)  
OGDEN, March 17.—The new city  
ordinances, having passed their third  
reading, were passed up to the  
mayor for his signature on Wednesday  
morning. The ordinances were printed by W. W.  
Gibson & Co., the lowest bidders. For  
some years there has been an urgent  
necessity for revising city laws and it  
is now hoped that Ogden will be in a  
position to properly regulate various  
conditions. Among the more important changes in  
the ordinances are the following: Here-  
after all merchants will be compelled  
to pay a license. The rate is from \$5  
per year for the small dealer to \$125  
per year for the large store. It is es-  
timated that fully \$10,000 per year will  
be received by the city from licenses  
alone. Milk dealers must pay a li-  
cense and must bottle all milk in quan-  
tities less than one gallon. The regu-

## Constipation

Should not be neglected. It leads to more  
serious troubles. It shows that the impor-  
tant functions of the liver are imperfectly  
performed. The best medicine to take for it  
is the mild, gentle and purely vegetable ca-  
thartic, Hood's Pills, which act on the liver  
and bowels, cure biliousness, constipation,  
morning and sick headaches, break up colds,  
relieve uncomfortable fullness after dinner.

## Hood's Pills

Mass. Sold by all druggists and sent by  
mail. Price, 25c.

lutions for the milk dealer are very  
rigid and the citizens of the city can  
be thankful, when it is remembered  
that practically no regulation of the  
milk traffic has been in force until re-  
cently. Saloon regulations are greatly  
improved. All booths and side  
doors must be removed. Sun-  
day closing will affect the  
saloons which have restaurants in con-  
nection with the same as the ordinary var-  
iety, and all saloons must close at 12  
o'clock instead of 1 a.m., as in the  
past.

The city authorities expect that they  
will be able to meet all expenses this  
year without any increase of the taxes,  
and it is barely possible that a sur-  
plus will be earned which can be ap-  
plied on the city debt.

## SHIPMENT OF WHISKY GOES ASTRAY

OGDEN, March 17.—Six cases of bot-  
tled whisky are being held at the police  
station awaiting a claimant. The bot-  
tled goods were found cached in the  
Rio Grande railroad yards early Wed-  
nesday morning and it is concluded that  
box car robbers are responsible for  
their removal from a nearby car. The  
cases all bore the name of Chris. Jen-  
sen, Ferron, via Price, Utah, and they  
were shipped from San Francisco. As  
it is understood that Ferron is a pri-  
soner, the officers are wondering

## RAPID TRANSIT EXTENSION TO BRIGHAM CITY

OGDEN, March 17.—Within the next  
few days, ground will be broken for  
the extension which will start from the  
Utah Hot Springs, thence to Brigham  
City. The completion of this line will  
be the first length in what is said to  
eventually be a network of electric lines  
to be built by the Ogden Rapid Transit  
company out of Ogden City to Logan  
and the northern part of Utah. It is  
expected that the line to Brigham City  
will be in operation before next winter.  
For the purpose of purchasing cars to  
be used on the interurban line of the  
Ogden Rapid Transit company between  
Ogden and Brigham City, Supt. Joseph  
Bailey left for the east today.

## RYAN HOME BURGLARIZED.

OGDEN, March 17.—Last night bur-  
glars entered the home of T. D. Ryan,  
2323 Adams avenue, and carried away  
silverware and jewelry valued at \$125.  
The burglar first broke open a small  
window leading into a woodshed adjoin-  
ing the rear of the house. Finding it  
impossible to enter the residence in this  
way, they returned and forced open a  
rear door. The family were at the  
Sacred Heart academy, attending the  
St. Patrick's day exercises, when the  
house was robbed. When they returned  
they noticed the house had been ran-  
sacked, and after an inventory found  
a number of valuable articles stolen.  
No clue was left by the burglars, so  
the police have little hope of capturing  
them.

## DECREE OF DIVORCE.

OGDEN, March 17.—An interlocutory  
decree of divorce was granted in the

ground of non-support.

County Physician J. W. Pidecock, who  
was summoned, stated that he was  
suffering from an acute attack of  
pneumonia. He was taken to the  
county infirmary where he will receive  
every attention.

## "GREAT DIVIDE" AT THEATRE.

vide" will be seen at the Ogden thea-

pany under the direction of Henry

able at that place is under full  
control.

## OGDEN POLICE COURT.

OGDEN, March 17.—Daniel Murphy  
was arrested in police court Wednes-  
day morning charged with mendacity,  
to which he pleaded guilty. He was  
sentenced to 16 days in the city jail.  
Fred Wilson was charged with the  
theft of an overcoat from the Central  
Loan company and was sentenced to  
pay a fine of \$15 or go to jail for an  
equal number of days. He is in jail.  
John Sullivan and John Martin ad-  
mitted being drunk and were each  
sentenced to five days in jail.  
Walter Nelson, charged with vag-  
rancy, was not present to answer to  
the charge and his bail, amounting to  
\$50 was declared forfeited.  
John Newman was sentenced to pay  
a fine of \$5 for assaulting Herbert D.  
Heer. The two men are employed as  
laborers for a local construction com-  
pany. Newman was charged that they  
had quarreled with the result that  
Newman gave his fellow workman a  
black eye.

The case of Fred O. Hutchinson,  
charged with assault, was called and in  
the absence of the defendant, his bail,  
amounting to \$10 was declared forfeited.  
This case was later ordered retried by  
the court and the case will be called  
at a later session of the court.  
The case of the city against the Cul-  
ley Drug company charged with selling  
liquor without a license was called and  
Mr. Culley pleaded not guilty. The  
matter was continued.  
Patrick H. Crogan, charged with rob-  
bery, was continued after the defendant  
had testified to his antecedents. None  
of the complaining witnesses were pre-  
sent and the matter was taken under  
advisement.

## COUNCIL WILL CALL FOR BOND ELECTION

For Electric Lighting Plant and Ex-  
tension of City Waterworks  
System.

(Special Correspondence.)  
PROVO, March 17.—At the meeting  
of the city council, last evening, the  
joint committee of the council and the  
committee on waterworks and the com-  
mittee on electric light brought in a re-  
port recommending the calling of a  
bonding election at an early date to  
vote on the issuance of bonds of 4 per  
cent of the assessed valuation for an  
electric lighting plant and 4 per cent  
for the installation of new water mains  
across the east bench. It is estimated  
that 5 per cent of the assessed valua-  
tion of the city, which is \$2,750,000  
will amount to about \$220,000 and that  
this amount will enable the city to make  
the proposed improvements. The re-  
port was adopted, and the city at-  
torney was instructed to draft an or-  
dinance calling the special election.  
The committee on judiciary presented  
a bill for an ordinance to prohibit  
the sale and use of fireworks and air  
guns. The penalty is a fine not to  
exceed \$50 or imprisonment for 30 days  
or both. Mrs. J. W. Ald, Mrs. Alma  
L. Bingle and Mrs. Sam Schwab, re-  
presenting the Nineteenth Century club  
and the Sorosis, which have taken the  
initiative in bringing the question be-  
fore the council were present, and as-  
sisted with suggestions favoring the  
ordinance. It was passed. The ordi-  
nance goes into effect July 1 so that  
merchants having fireworks on hand  
may have an opportunity to dispose of  
them before their sale is unlawful.  
Thomas W. Allen was employed to  
take charge of the city parks for the  
season.  
The appointment by Mayor Ray of  
Edward Draper as dog tax collector  
was confirmed without opposition.

eral officers' meeting at which mem-  
bers of the union board will present  
matters of interest to the officers.  
At 11 o'clock department meetings  
will commence and, with the exception  
of the noon adjournment, will continue

followed by the meeting in the taber-  
nacle in the evening.  
The Provo and Utah stake officers

while they are here.

Fourth district court in which the  
Utah Esmeralda Copper company sued  
John A. Pace to collect \$625, with in-  
terest, on a promissory note given in  
payment for capital stock in the com-  
pany, was determined in favor of the  
defendant, yesterday, the jury bringing

## TROUBLE BREWING OVER FISH AND GAME LAW

(Special Correspondence.)  
LOGAN, March 16.—It looks as if the  
fish and game authorities of this county  
are to have trouble in the matter of  
enforcing the law as to the placing of  
seine nets at the head of canals, a matter  
that has been agitated a great deal  
here, as annually there are hundreds of  
thousands of fish killed in them. The  
chief deputy warden for this  
county, Mr. H. A. Peterson of Hyrum  
has served notices on all the power  
canal people to put in seine nets at the  
heads of their respective canals, with-  
in 10 days and threatening prosecution  
if the order is not complied with. Now  
the power people contend that the irri-  
gating canals are the greatest menace  
to the fish and as they have not been  
served with these notices, they power  
people aver that they are being dis-  
criminated against and announce that  
they are forming an organization for  
the purpose of testing the question in  
the courts.

## LOGAN BRIEFS.

The Mutual Improvement conference  
held here on Sunday was a very suc-  
cessful one. At the public meetings  
held in the tabernacle in the afternoon  
the attendance was unusually large and  
close attention was given all the speak-  
ers. The program of exercises rendered  
a good host. The speakers were  
by Thomas Hull, and Messrs. Wal-  
lace and Bennett of the general board  
of the Mutuals.  
John W. Nelson, who was to have  
been sentenced for grand larceny yes-  
terday afternoon, was granted a stay  
until Saturday, when a motion for a  
new trial in his case will be argued.

The importance that fruit growing is  
assuming in this county was empha-  
sized today when Mr. John Quayle of  
this city purchased a big spraying out-  
fit, that is operated by gasoline and  
Messrs. Rasmussen, Proby and Bailey  
of Wellsville brought another.  
The county commissioners have ap-  
pointed Mr. Frank Stephenson registrar  
of births and deaths at Lewiston.  
The health authorities of this city  
have begun their fight on the house fly  
and by issuing orders that all re-  
fuse matter be cleared from backyards  
and ditches and streets and destroyed.  
People generally are acting without no-  
tice, for the folks made here this  
winter by experts have converted a  
great many people of the necessity of  
maintaining cleaner premises.

and heart failure, and his last ap-

On Tuesday a family dinner  
was given at the home of Andrew  
Madsen in honor of his 17th birthday.

## RECENT DEATHS

GUTHRIE, JOHN.—At his home on  
Kanawha Two-Mile near Charleston,  
W. Va., Feb. 14, 1910, Mr. John  
Guthrie, in the 93rd year of his age.  
Mr. Guthrie was one of the  
oldest, as well as one of the most  
highly respected citizens of the coun-  
ty in which he lived. He was born  
Dec. 25, 1817. His death was caused  
by paralysis and other complications  
due to old age.  
He was united in marriage to  
Mary Wallace on Jan. 14, 1841. Of  
this union 11 children were born to  
them. Nine of these survive him.

three girls and six boys; viz. Dr. Alex  
Guthrie of Neraho, Mo.; Mrs. Harriet  
Boulton of Hooper, Utah; Nathan  
Guthrie of Dunbar, W. Va.; F. J.  
Guthrie of Charleston, W. Va.; John  
I. Guthrie of Layton, Utah; and  
Virginia, Paulina, Stephen A. and  
Wm. G. Guthrie, who reside at the  
old homestead. Deceased was baptized  
into the Church of Jesus Christ of  
Latter-day Saints Sept. 4, 1892, and  
was a true and faithful Latter-day  
Saint to the end.  
It is said by those that know him  
best that he had not an enemy in the  
world. His home was always open to  
the elders as well as the ministers of  
other denominations. It may well be  
said that no one hungry or in  
need was ever turned away from his  
door unrelieved. His wife departed  
this life on December 19, 1907. Elder  
Dunbar and Bateman conducted the  
funeral services.

Records made, rendering the best of all kinds of  
music as it is meant to be played, without hurrying  
or omitting important parts. But the Amber-  
ola gives you much of the best music that you  
cannot get in any other sound reproducing instru-  
ment of the cabinet type. The price is \$200. Other  
types of Edison Phonographs, \$12.50 to \$125.
